PROFILE

Ever excited to take up new challenges. I want to learn and develop as many new skills as possible. I talk more and code more.

EXPERIENCE

SOFTWARE ENGINEER

Cisco Systems, Inc. | July 2019 - Present

- Worked on building a tool using GoLang that tells the health status of all the CI/CD tools and other internal tools, shows available support team and provides option to raise a case
- Worked on building a CLI tool using Golang that helps in provisioning pipeline and managing the resources
- Worked on Jenkins groovy libraries that helps in Jenkins build of a software
- Wrote an automation script using Python that assigns support cases raised to available support based on Priority queue logic

ENGINEER INTERN

Cisco Systems, Inc. | Jan 2019 - June 2019

- Monitor CI/CD tools using Splunk and setting appropriate notifications based on the severity of the problem
- Groovy scripts to analyse various information related to Jenkins
